Dear Mr. Natali:

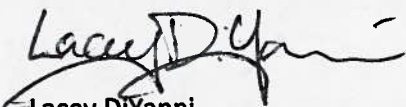

I would like to take this moment to say how appreciative I was to have heard you talk in my Personal Finance class.

I learned many important facts from you, such as you should always work your tail off with whatever you are doing, a path will always come. I also now know that I am in control, not anyone else.

I was surprised at first when you said that it is not about the college degree you have, it is what you do with it that matters. I am very excited for my financial future and you are truly inspirational to me, I will (try) to never skip a day of saving.

Once again, thank you so much for coming and sharing valuable information to my class.

Sincerely,

Lacey DiYanni
